sustainable materials

WORK EXPERIENCE

VIBRAM INNOVATION FOOTWEAR DESIGNER

December 2025 - Present

- My role at the innovation design team is to focus on both footwear and outsole concepts for various categories including outdoor trail, work/safety, and made in USA projects utilizing new innovative technologies developed internally.
- Work cross collaboratively with development, sales, and factory teams to develop designs for market.

NEW BALANCE X PENSOLE DESIGNER

October 2025 - November 2025

- Selected in a program between New Balance and PLC for a 5 week design project for developing innovative running design concepts for New Balance.

FOOTWEAR DESIGN INTERN / ADIDAS

March 2023 - Sept 2023

- Designed running footwear for F/W 2025 collection.
- Assisted design teams with sketches, tech packs, graphic design, prototyping, and market research.
- Collaborated cross-functionally with marketing, line management, and product development teams to create sample footwear designs which made it to market.

APPAREL DESIGNER / SINGER VEHICLE DESIGN

February 2024 - April 2024

- Sponsored project between ArtCenter and Singer.
- Researched motorsports and apparel trends for a lifestyle apparel collection.
- Conducted brand analysis to align with Singer's vision.
- Executed final design concepts in Clo3D.

RECOGNITION

- ArtCenter Merit Scholarship
- Nike Endowed Donor Scholarship
- Toyota Endowed Scholarship
